

**An
opportunity
to explore
the things of
Faith for
yourself !**

Further Action steps you can take

During or after your 21 day experiment, you are welcome to ask questions or tell us what you are thinking. You can:

- Ask us questions by email about your 21 Day Experiment.
- Go to the ipriority.com web site and see what others are saying.
- Get connected in a small group with other interested people.
- Request additional resources, including a 4 part faith strengthening curriculum.

Challenge to take a 21 Day Faith Experiment

Life Impact

***The 21 Day
Faith
Experiment***

Why the 21 Day Faith Experiment?

People today come from all different kinds of Faith perspectives and some from no Faith background at all.

So why the 21 Day Faith Experiment?

Growing Hunger of the Heart

There is a growing desire for things that are eternal. It seems there is a vacuum in every heart, that no matter how we try it cannot be filled with the things of this world— money, sex, fame, power, relationships, busyness—you name it.

All these things seem to satisfy our lives, but then we find that the satisfaction is temporary and so we strive all the harder for a greater fix..... and the cycle only continues.

Hole Filler

Many have found the hole in their hearts can only be filled by something outside of themselves. The 21 Day Faith Experiment has helped many jump start this process in their lives. They find the deepest needs of their hearts are actually beginning to be filled.

What is involved ?

The 21 Day Experiment, is a 5-10 minute daily experiment with the Bible that lasts for 21 days.

Why use the Bible ?

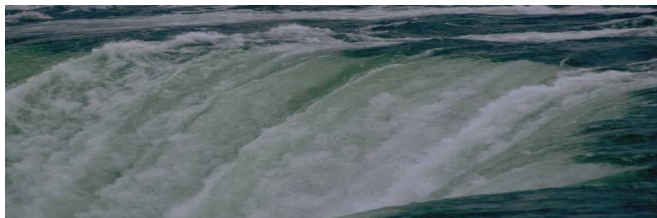

The question is sometimes asked why the Bible instead of other religious books. Well the Bible seems to be a good starting place for this experiment because of several distinctives that make it unique.

Uniqueness ?

The Bible has several unique characteristics:

- Best Seller—It is the all time New York Times best seller. It is not on the list, because it would always be number 1.
- Unmatched Prophecy Record—There is no other book with prophecies that are made hundreds of years earlier than their fulfillment that have systematically have come true.
- Accurate Historically—Archeology, continues to uncover new findings that prove the Bibles authenticity.
- Survivor—There have been almost 20 concerted efforts to rid the world of the Bible, but it has survived them all.
- Transformational—Those that take the time to read it, find that it speaks to issues of the heart.

The Action Plan

The Bible is actually made up of 66 books. One of those books is the book of John. John was one of Jesus most intimate friends. The book opens up with 18 verses of poetry in the first chapter and then begins the history of John's friendship and observations of Jesus. It contains much of the core essence of what the Bible is all about.

You can find this book in the table of contents. It is 21 chapters long. The experiment involves simply reading one chapter a day for 5-10 minutes.

The awesome thing about this is you will be reading it for yourself. Many people have formed their opinions about the Bible on what other people have said about it. You will gain first hand knowledge of what it says for yourself.

Tips to Maximize your Faith Experiment

- Say a Prayer—"God if this is true help me to understand it." You may feel funny saying this, but give it a try.
- Read with an open mind—What is the text actually saying not what others have said it means.
- You will not understand everything—Hey don't freak out. You will be surprised at how much you do understand.
- Apply any truth you discover—If something strikes you as a personal application point, it is possible that God is prompting your heart or guiding you to something He wants you to understand. Apply what you learn and see if it works.
- Understandable Translation—If you want to get a more understandable translation at a local bookstore (NIV, NAS, TLB, are accurate and understandable- a sales associate will know what these letters mean).
- Look Forward to what you might discover—You will find out exciting things about yourself and about life.
